

# FIRST FLIGHT

## 3. RULES

- Throughout the entirety of the regular season, this league will compete under a modified USGA rule system.
- Individual play will occur from the white tees during all nine-hole rounds of competition.
- If an individual hits a ball out of bounds, which will be considered any location not within the course's property, that individual must re-hit from the original location until a ball is placed in play and the appropriate penalty assessed. To keep up with the pace of play, a provisional ball should be hit from the original location immediately after a ball is presumed to potentially be out of bounds.
- If an individual hits a ball into a hazard or loses a ball anywhere throughout the course property, that individual will not be required to re-hit from that original location. We will use a line of flight method to determine each drop, where the individual golfer will take a drop no closer to the hole, anywhere within the line of flight from the original shot to where the ball was determined to have entered a hazard or presumed lost. Each drop will equate to one penalty stroke (ex. "in on one, out two, hitting three")
- An embedded ball rule will be in effect throughout the entirety of the season. If a ball is embedded within the earth (not deep rough), an individually remove ball and take a free drop within one club length of embedded ball location.

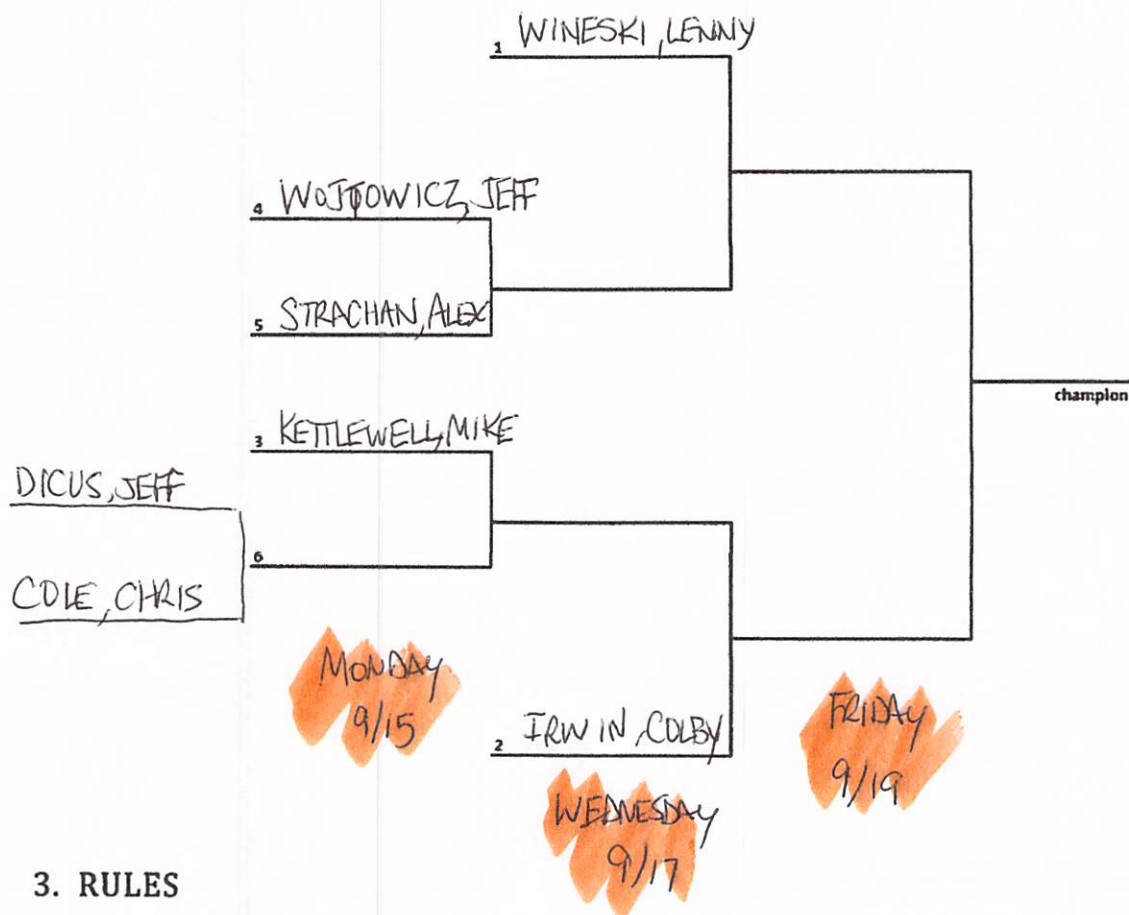

## SECOND FLIGHT

### 3. RULES

- Throughout the entirety of the regular season, this league will compete under a modified USGA rule system.
- Individual play will occur from the white tees during all nine-hole rounds of competition.
- If an individual hits a ball out of bounds, which will be considered any location not within the course's property, that individual must re-hit from the original location until a ball is placed in play and the appropriate penalty assessed. To keep up with the pace of play, a provisional ball should be hit from the original location immediately after a ball is presumed to potentially be out of bounds.
- If an individual hits a ball into a hazard or loses a ball anywhere throughout the course property, that individual will not be required to re-hit from that original location. We will use a line of flight method to determine each drop, where the individual golfer will take a drop no closer to the hole, anywhere within the line of flight from the original shot to where the ball was determined to have entered a hazard or presumed lost. Each drop will equate to one penalty stroke (ex. "in on one, out two, hitting three")
- An embedded ball rule will be in effect throughout the entirety of the season. If a ball is embedded within the earth (not deep rough), an individually remove ball and take a free drop within one club length of embedded ball location.

# THIRD FLIGHT

## 3. RULES

- Throughout the entirety of the regular season, this league will compete under a modified USGA rule system.
- Individual play will occur from the white tees during all nine-hole rounds of competition.
- If an individual hits a ball out of bounds, which will be considered any location not within the course's property, that individual must re-hit from the original location until a ball is placed in play and the appropriate penalty assessed. To keep up with the pace of play, a provisional ball should be hit from the original location immediately after a ball is presumed to potentially be out of bounds.
- If an individual hits a ball into a hazard or loses a ball anywhere throughout the course property, that individual will not be required to re-hit from that original location. We will use a line of flight method to determine each drop, where the individual golfer will take a drop no closer to the hole, anywhere within the line of flight from the original shot to where the ball was determined to have entered a hazard or presumed lost. Each drop will equate to one penalty stroke (ex. "in on one, out two, hitting three")
- An embedded ball rule will be in effect throughout the entirety of the season. If a ball is embedded within the earth (not deep rough), an individually remove ball and take a free drop within one club length of embedded ball location.
